Creating a quiz body

1. In order to create a quiz body, an instructor is to go to the homepage of the course desired and turn the editing option on.

2. The option should be in the upper right section of the screen. Once this option is selected, the option to add an activity or course should now be available in each section or module of your course.

3. Select "Add an activity or resource" from the bottom right of the module. A menu should now pop up.

4. The following should now appear on your screen:

Add an activity or resource   ☒

ACTIVITIES

○ Assignment

○ Attendance

○ BigBlueButtonBN

○ Chat

○ Choice

○ Database

○ External tool

○ Feedback

○ Forum

○ Glossary

○ HotPot

○ Journal

○ Lesson

○ Pearson MyLab & Mastering Link

○ Questionnaire

○ Quiz

○ SCORM package

Select an activity or resource to view its help.

Double-click on an activity or resource name to quickly add it.

Add   Cancel
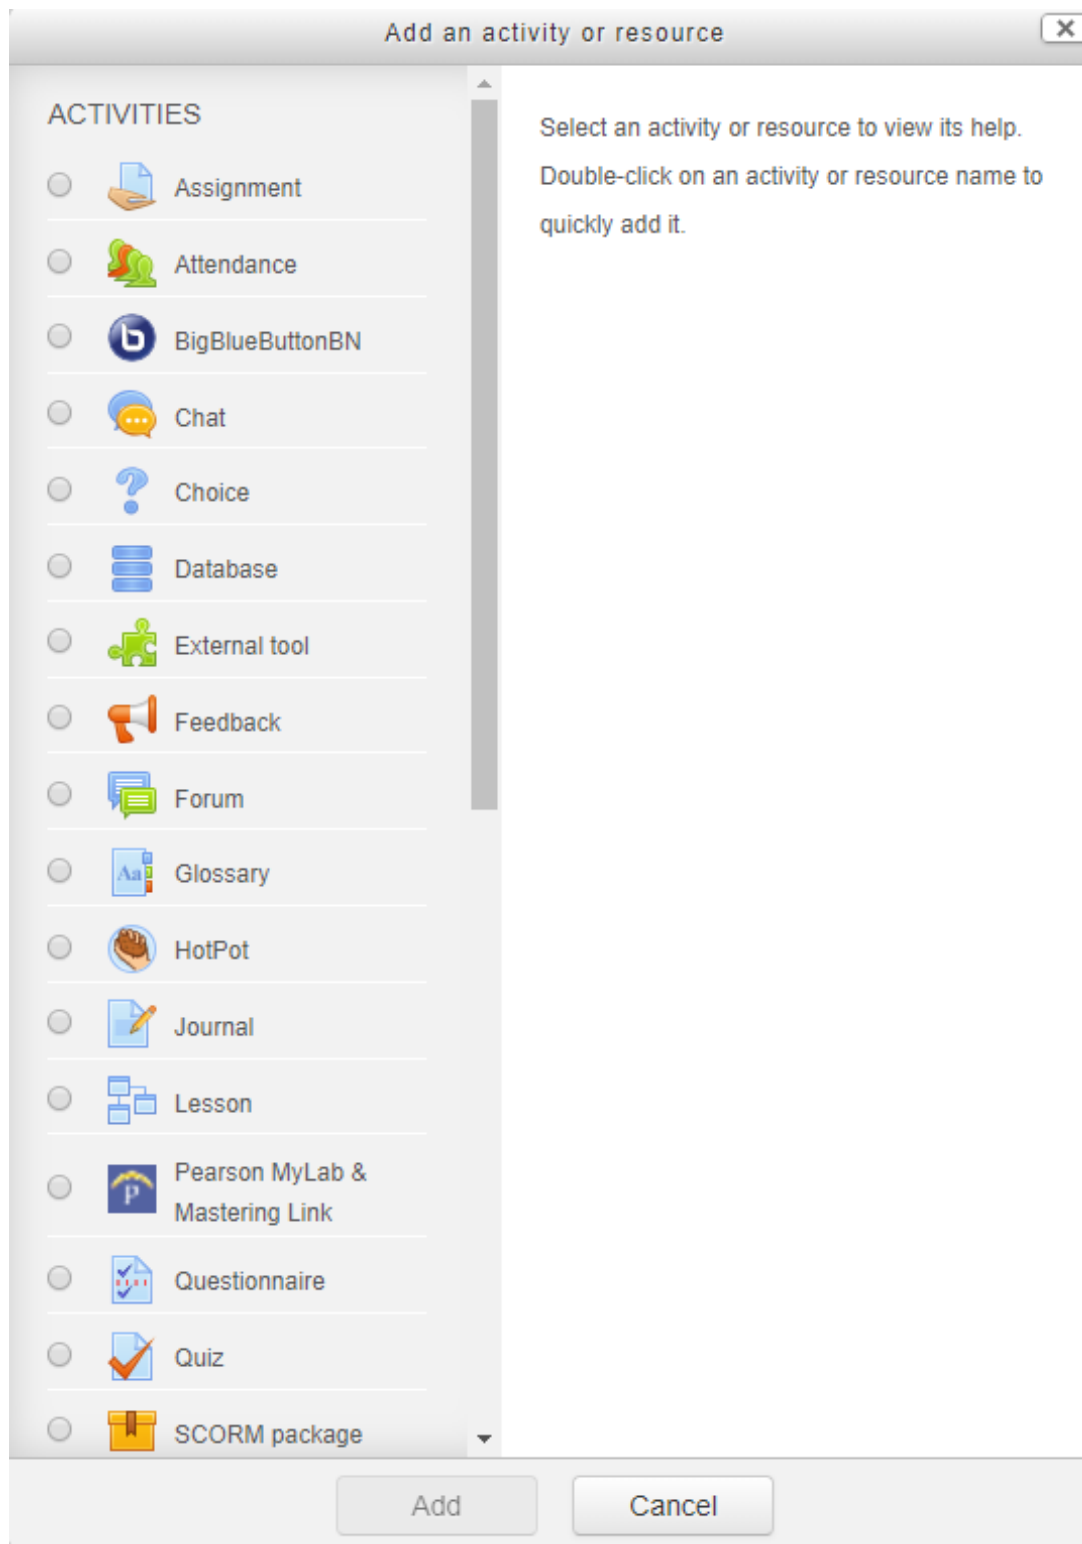

5. Scroll to the "Quiz" option and select "Add"

6. The following screen should now appear.

✅ Adding a new Quiz to Topic 2 ⓘ
