

Why practice exams in Respondus LockDown and Monitor are important

Last Modified on 11/13/2018 1:28 pm EST

This gives your students an opportunity to ensure that the software is running smoothly. This is an ungraded exam that allows students as well as the instructor to test drive the browser before official exams begin. It is recommended that this quiz be available for the duration of the course with an unlimited amount of attempts so that it may be accessed again if students switch computers.
