

# QEP assignment involves a student presentation

Last Modified on 03/16/2020 4:56 pm EDT

To ensure continuity of QEP implementation and assessment, we are reaching out to those of you with QEP assignments that may be affected by our move to online instruction.

If your QEP assignment involves a student presentation, you may alter the assignment to allow the students to create an online presentation. Resources for delivering online presentations include Microsoft Teams available through Office 365, Skype for Business available through Office 365 (login with MSU email and password), and BigBlueButton available through Moodle.

For assistance altering your assignment, contact Jessica Hutchings at \*5512 or Wesley LeJeune at \*5591. For technological assistance, contact Dr. Wendi Prater at \*5126.

Sincerely,

Jessica Hutchings  
Assistant Vice President for Academic Affairs
