

RedShelf Adopt Overview for Instructors

Last Modified on 03/17/2020 9:34 am EDT

RedShelf Adopt provides flexibility to define the “submitter” - the person responsible for submitting adoptions. “Submitter” is the generic term for this person, whether it is the Department Chair, the Textbook Coordinator, or the Instructor.

The submitter is defined in courses/sections when the term is created or updated. In most cases, the submitter is the instructor of the course, and therefore these two terms (“instructor” and “submitter”) may be used interchangeably in documentation.
