Class Results

Once your students have completed the exam, to view the class results, select the "Class Results" for an exam from the LockDown Browser Dashboard. The class roster with summary data is shown here:

The screenshot displays the LockDown Browser Dashboard interface. At the top, there's a header with "LockDown Browser Dashboard" and "About LockDown Browser". Below this, a navigation bar includes "LockDown Browser" and "Respondus Monitor". The main content area is titled "Geography Midterm Exam on Figma - Requires Respondus LockDown Browser + Webcam". It shows a list of students with columns for Last Name, First Name, Status, Review Priority, Date, Score, Duration, and Review. The Review Priority column uses a color-coded bar graph to indicate risk level (Low, Medium, High). Below the student list, there's a section for "Assignment 01: LDB with Quiz settings - Requires Respondus LockDown Browser" with a "Required" status.

Review Priority is a comprehensive measure that conveys whether a student's exam session warrants a closer look by the instructor. Results appear in Low, Medium, and High categories with a green-to-red bar graph conveying the risk level.

Use [+] to expand the details for a student:

1) Summary of key data, 2) List of Flags and Milestones (see explanation below), 3) Video playback and controls, 4) Timeline with flags (red) and milestones (blue), 5) Thumbnail images from video
