

Remove Module Title in Moodle Course

Last Modified on 08/10/2020 5:07 pm EDT

To remove title from module in Moodle course:

1. Open the course
 2. Select Editing On
 3. Scroll to the module you want to edit
 4. To remove the section title, select the pencil icon next to the module title. When the tile box opens, remove the text. Then type the space bar a few time to add 2-3 spaces, hit enter. This will remove the text.
