

Adding a SmarterProctoring to a Course

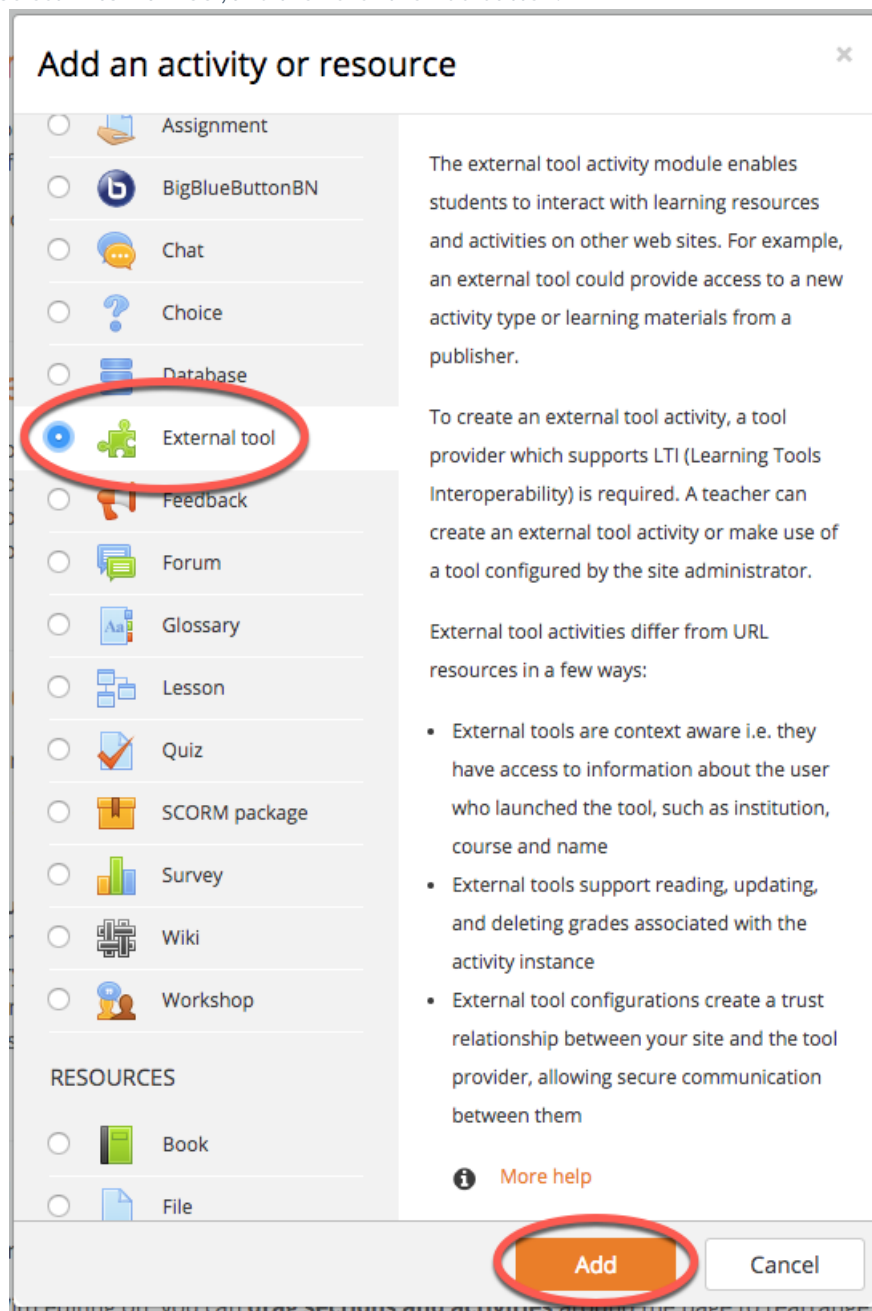

Last Modified on 02/28/2022 12:06 pm EST

Once the External Tool has been created, then it can be added to a course's content. This section will walk-through placing a SmarterProctoring link in a course.

1. Navigate to the course dashboard.
2. Click on **Add an activity or resource** link.

3. Select **External Tool**, and then click the **Add** button.

4. You will need to complete the form using the following settings:
 1. **Activity Name:** SmarterProctoring

2. **Preconfigured tool:** SmarterProctoring
3. You may also change the Activity Description and check any of the Display checkboxes.
5. Click the **Save and display** button.

Adding a new External tool

General

Activity name: SmarterProctoring

Preconfigured tool: SmarterProctoring

Tool URL:

Save and return to course Save and display Cancel

There are required fields in this form marked with a red dot.

6. SmarterProctoring will be added to the course. Select the tool to launch the SmarterProctoring Dashboard.
