Adding BigBlueButton to a Moodle Course

Last Modified on 11/09/2021 2:37 pm EST

1. Enter your course from the Moodle homepage

2. Select the "Turn editing on" button

3. Scroll to the section that you want to add the BigBlueButton activity to and then select “Add activity or resource”.

4. Select the "BigBlueButton" activity from the list.

5. The settings for the BigBlue Button activity open and you can learn more about these settings here.

7. Read this article for next steps and to record content into your BigBlueButton activity: Recording a BigBlueButton Lecture
